'WHAT'S LOOKING GOOD' in the Nursery AUGUST

Calluna vulgaris varieties are the star attraction during the late summer and autumn months providing colour from both foliage & flowers. Gold, yellow, green & silver plus pinks & purples of all shades. *Erica cinerea* and *Daboecia* are also still looking good at this time for added colour.

Calluna vulgaris 'Sir John Charrington'

Daboecia 'Alba Globosa'

The nursery in August

Calluna vulgaris 'Red Favorit'

Please call if you would like any further information.
